Changes introduced in CDS release 4.6.1.1 (7th November 2024)

CDS Change	Movement Type	Declaration Completion Instructions
Changes to Document Codes	All	New document code validation has been added to the CDS codelist. When declaring document codes in Data Element (DE), please ensure the correct fields are completed to avoid declarations being rejected: • The document ID field must be completed for these document codes: C101, D023, D024, L148, X843, X852, X853, Y709, Y710, Y711, Y713, Y715, and Y716. • The document reason field must be completed for these document codes: Y155, Y170, Y171, Y175, Y176, Y177, Y706, Y707, Y708, Y712, Y714, Y717, Y741, Y742, Y748, and 9Y03. Please see Appendix 5A for full completion instructions for these codes.
Document Code N935	Imports	Document code N935 must also be declared when one of the following document codes is used: D020, D022, D023, or D024. Failure to declare N935 when one of these codes is used will lead to the declaration being rejected.
Good Location Code amendments	All	New goods Location Codes have been added to the CDS codelist. Appendix 16 will be updated with the details of these GLCs ASAP after the release.

New codes can be found at the following links:
