

Cookie Policy

Cookies and similar technologies

A cookie is a small text file that is placed onto your computer or electronic device when you access our websites. Similar technologies include web beacons, action tags, local shared objects ('flash cookies') and single-pixel gifs. Such technologies can be used to track users' actions and activities, and to store information about them. We use these cookies and/or similar technologies on this website for the following purposes:

In Destin8 cookies are used to store user preferences (i.e. number of default rows to display) for certain transactions.

On the MCP plc website, they are used for storing and reuse of authentication details.

Consent for cookies

In most cases, we will need your consent in order to use cookies on this website. The exception is where the cookie is essential in order for us to provide you with a service you have requested, or essential to the inherent functionality of the website (e.g. to recover a user's session after a service failure).

If you visit our website when your browser is set to accept cookies, we will interpret this as an indication that you consent to our use of cookies and other similar technologies as described in this website cookie policy. If you change your mind in the future, about letting us use cookies, you can modify the settings of your browser to reject cookies or disable cookies completely but this could result in losing some functionality.

Cookies used on our websites

Destin8

Name: userPreferences

Typical Content: Used to store certain user preferences (for host PC) for different transactions. These are currently PNQ, ELH, ELO, VGM, VGG, HNQ, DEV, DVC, MCP, MNN, VNQ and old INQ & ENQ. In each case, it is the number of rows required for each relevant data table that is stored.

Expires: 5 years or until the user clears cookies

Name: JSESSIONID

Typical Content: This is cookie used for session management and tracking.

Expires: When the user exits the browser

MCP website

Name: ContensisCMSUsername

Typical Content: Stores information to re-authenticate a user when they have selected Save Password when logging in

Expires: When the user exits the browser

Name: ContensisDisplayName

Typical Content: Stores a user's display name in the format as specified in Contensis global settings

Expires: When the user exits the browser

Name: ContensisLastUserName

Typical Content: Stores a user's username – this is set when a user logs in for the first time

Expires: 25 years or until the user clears cookies

Name: ContensisAvatar

Typical Content: Stores the URL to a user's avatar image, this is set when a user logs in for the first time

Expires: 25 years or until the user clears cookies

Name: ASP.NET_SessionId

Typical Content: randomly generated session ID

Expires: When the user exits the browser

For further information on cookies generally visit [About Cookies](#) website or the [Information Commissioner's](#) webpage on cookies.
